

LionsGate Systems, LLC

Full-Time Opportunity – Technician I (OSP Cable Installer)

Position Overview

- **Job Title:** Technician I – OSP (Outside Plant) Cable Installer
 - **Employment Type:** Full-Time
 - **Location:** Multiple States (Travel Required)
 - **Reports To:** Construction Manager / Foreman
 - **Salary Range:** \$20.00 – \$25.00 per hour (*based on experience*)
-

Company Overview

If being part of a world-class organization operating in advanced telecommunications and infrastructure environments across the country sounds like the right opportunity, LionsGate Systems, LLC is seeking motivated individuals to join our field operations team.

Our crews support mission-critical deployments, including fiber optic infrastructure, structured cabling, and in-building wireless systems for enterprise and government clients. This role offers hands-on experience in high-demand telecom construction environments with strong growth potential.

Position Summary

The **Technician I – OSP Cable Installer** is responsible for assisting with the installation of fiber-optic and copper telecommunications cabling in underground and aerial environments. This position supports Outside Plant (OSP) construction by performing cable pulling, routing, labeling, and securing in accordance with project specifications, safety standards, and industry best practices.

This is a field-intensive, physically demanding role requiring teamwork, attention to detail, and strict adherence to safety procedures.

 - Traffic control measures
 - Material staging
- Operate equipment safely:
 - Cable pullers
 - Rodding tools

- Air compressors
 - Hand and power tools
 - Perform aerial support work:
 - Cable lashing
 - Pole routing
 - Racking as required
 - Read and interpret:
 - Construction drawings
 - Route maps
 - Splice documentation
 - Complete:
 - Cable tagging and labeling
 - Daily reports and material tracking
 - Maintain:
 - Clean and safe work environment
 - Compliance with OSHA and company safety standards
 - Support additional field activities:
 - Trenching and digging
 - Conduit placement
 - Basic testing and troubleshooting
 - Communicate effectively with:
 - Crew members
 - Supervisors
 - Project stakeholders
-

Minimum Qualifications

- High School Diploma or GED
 - Valid driver's license with acceptable driving record
 - Ability to:
 - Lift **75+ lbs**
 - Work in outdoor environments and varying weather conditions
 - Work in confined spaces and at heights
 - Basic familiarity with:
 - Hand tools
 - Power tools
